Schedule Meeting to Discuss Choice of Rte 3 Alternate

Business Population Up 32 Per Cent in Arlington

Statistics released this week by J. D. Lanpher, regional manager at the Boston office of Dun & Bradstreet, Inc., reflect the growth of the business population in Arlington during the past years. Figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1960 totaled 677 manufacturers, wholesalers, and retailers as compared to 458 in January, 1950 -- an increase of 32 percent for the period.

During the same period, the number of business concerns in Middlesex County grew from 16870 to 19626.

The Dun & Bradstreet Reference Book lists all manufacturers, wholesalers and retailers who seek

or grant commercial credit. It does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for businesses in Middlesex County would actually be higher than the 19626 quoted above.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in Middlesex County communities during the past ten years.

The Board of Selectmen and Representatives of the Planning Bd., and Development Comm., will discuss the latest Rte 3 threat to Arlington at a meeting to be held Monday night in the Selectmen's Chambers.

The Selectmen Monday night tabled any action as to which of five possible routes or alternates they might prefer.

Towns and cities which might be affected by any of the alternates were requested at a meeting last week to report a choice of the five alternates as soon as possible to Mr. Hayden of the consultants firms of Hayden, Harding and Buchanan, Inc. and Charles A. McGuire Assoc.

The Consultants at the meeting a week ago stated that a choice of alternates would be made between now and Feb. 3; this choice would not necessarily have to be accepted by the State Dept. of Public Works.

Arlington Selectmen, although they made no decision Monday night seemed to lean toward the 4th Alternate, the so-called 'Brown Alternate' which enters Arlington at the Cambridge line in the Vicinity of the Alewife. Continued on Page Seven

Announcement

With this issue, the News takes another step in its long-range plan to present to the residents of Arlington a completely distinctive publication, highlighting pictures, live news, editorials and feature stories.

The conversion to a magazine-style publication represents many months of planning and a large financial investment by the owners and is but a continuation of the plan inaugurated in September when the News took its big step toward "easier reading" by going to the offset process.

Tree Down Yet?

No Christmas trees will be picked up by the rubbish collectors after Jan. 15.

Those still having trees to be disposed of may place them out to be picked up on rubbish collection days until that time.

To View Property

Members of the Bd. of Selectmen, the Finance Committee and the Town Manager will tour the Grove street property of the Gas Company Saturday at 2 p.m.

Reports on Inflation

BABSON DISCUSSES HOW TO HEDGE AGAINST INFLATION

Babson Park, Mass., January 7. I don't see how buying Dow-Jones common stocks now can be a hedge against inflation. This is not to say that they may not go higher; but these stocks are already too inflated to be bought as 'inflation hedges' by intelligent people.

REQUIREMENTS FOR AN INFLATION HEDGE

First, good inflation hedge characteristics must be based upon tangible and marketable assets and not on 'good will' or temporary earnings. Second, these tangible assets should be land or natural resources such as oil, gas, minerals, water power, or woodlands. These usually go up in price as the dollar goes down in value. This assumes fair taxation and no harmful legislation. There is no hedge against an opportunistic Congress or a Communist government which takes title to private property without fair recompense.

Theoretically it would be wise for readers to go into debt and borrow money now, provided they made sure they would have the cash to pay the interest on the loan and pay up the loan at maturity. Otherwise, instead of making money, they could be wiped out completely.

If it is wise to borrow now in order to pay up with depreciated dollars later, then it is unwise to loan money now. This means: Don't buy new long-convertible bonds or preferreds unless you plan to sell soon. They are not now a safe "permanent investment."

WHAT ABOUT LIFE INSURANCE?

In a general way this reasoning applies to most life insurance policies if you buy today and then live twenty years or more while the value of the dollar declines. Actually, you should probably buy, say, double what you ordinarily would, to be sure of having the money to pay the premiums over the twenty or more years.

The insurance feature, of course, may offset the risk of inflation--your family could get a big sum if you should die within a year. Hence, I believe in simple life insurance, with no endowments or frills.

WHAT ABOUT STOCKS?

Neither railroad nor utility common stocks should be bought as inflation hedges because, during an inflationary era, operating costs could go up so that dividends would be reduced. At best, net earnings would lag behind any rise in rates; and most railroad stocks should be avoided for other reasons also.

Don't depend upon the most popular stocks of today. Fashions in stocks change as quickly as fashions in dress. A popular stock today is usually not a good inflation hedge. For reasons, write my friend Mr. Humphrey Neill, the great contrarian of Saxton's River, Vermont.

COMPANIES WITH LARGE ACREAGE

Most industrial stocks are poor inflation hedges, as already indicated. However, industrials with large land or natural reserves or other tangible holdings should be the best of the industrials. The most sought after by wise investors are those with good managements--plus heavy depreciation charges and sufficient working capital.

I am not acquainted with all of Central America; but I once owned and operated a school in Guatemala City. Hence, I know of the constructive work of the United Fruit Co., which has grown to great importance with reportedly the largest acreage in the Americas, having sunshine, water, and a long growing season. It raises not only the finest bananas, but also cocoa, palm oil, cattle, and timber. The Company has a fleet of sixty steamships, oil reserves in Colombia, and large net current assets, excluding railways, buildings, and a complete wireless system. United Fruit stock, however, is only one such; there are several good industrials with large acreage. And land--whether the lot next to you or lands in other parts of America--should be the best hedges against inflation.

Enlists In Army

John T. Cassidy Jr., son of Mr. and Mrs. John T. Cassidy, 70 Varnum St., Arlington, recently enlisted in the regular army through the local recruiting station, Union Sq. P.O. Bldg. Somerville. John enlisted under the Army's 'Operation Holiday Program' and departed for Ft. Dix, N. J. Jan. 4, 1960 for further processing and assignment to a basic training centre. John further chose to become a paratrooper, he enlisted in the airborne branch.

NEWS VIEWS

"Dem" Trend Seen

Although January may seem a little early to be talking about who will win town elections in March, it certainly isn't too early for candidates to start mapping their campaign strategy; in fact in many cases it could be too late.

This writer feels that the Democratic trend of two years ago will continue from the presidential election down to the very grass roots of the smallest town or village contest in the country.

In Arlington upsets should be the exception rather than the rule.

In the Selectmen's race, we will go out on a very solid limb and predict victory for Rawson and Greeley.

Both have done fine jobs in their present terms and together with two top lawyers and a fine mathematician have combined to give Arlington its best balanced Board of Selectmen -- a Board which we can't see being broken up in March.

Meanwhile, incumbents Baker,

Coughlin, and Forest are seemingly in the driver's seats in the School Board contests. Banks and Russell are newcomers and must prove themselves, but Mary K. Carter with a year of political experience could upset one of the incumbents.

Newcomer William Wettergreen seeks to upset incumbent Joe Vahey for a 5 year term on the Housing Authority.

Although, at this stage Vahey, with his experience, seems an easy winner, this contest could turn out to be much closer than expected.

Vahey has been on the losing side on several Town Meeting issues in recent years, leading to the thought that his popularity may have dwindled since he last ran for office.

Two contests loom as "no contests" at this point. Town Clerk Ann Mahon and Treasurer-Collector Francis Coughlin should win whether running with or without competition.

Openings are available in the Automobile, Machine, and Blueprint and Drafting Courses for those engaged in the trade. Classes are in session on Tuesday and Thursday evenings and will continue through the month of March.

Relocation Of Mystic Street Seen By Fall

In a letter to the Chairman of the Development Commission William McMahon, Town Manager Edward C. Monahan this week stated that it is the considered opinion of the Town Engineer and the Town Manager that, barring unexpected delays in connection with the vacating of the premises at 40-44 Mystic st., the relocation of Mystic st. should be accomplished during the summer or early fall of the coming year.

In the letter the Manager stated that the Town Council has negotiated for satisfactory settlement the acquisition of the residential properties at 40-44 Mystic st., and that he is now in the process of acquiring titles to both properties.

Parkway and travels along a proposed widening of Rte. 2 to Appleton St., and then into Lexington.

Selectman Chairman Arthur Saul felt that such a route would solve the continuation of Rte. 3 and the widening of Rte. 2 problems.

Members of the Bd. felt, however, that this alternate could interfere with a proposed Star Market development east of Lake St.

They discussed the possibility of asking that any route be swung in a more southerly direction east of Lake St.

Selectmen Rawson, following his course of thinking of previously Rte. 3 discussions was opposed to the highway coming through the Town at any point.

Drainage Problem Discussed By Star Officials

The Arlington Development Commission will take up the matter of a drainage problem on land adjacent to Rte. 2 in East Arlington when the two groups meet at the Selectmen's meeting Monday night.

The land, the proposed site of a new Star Market, was discussed at a meeting between the Development Commission, Mr. Mugar, president of Star Market and his consultants Monday night.

According to William McMahon, Chairman of the Development Commission Star officials feel that an engineering problem exists in the area and that the Town should help to solve the problem so that the property could be developed to its maximum potential.

BOARD OF APPEALS TOWN OF ARLINGTON MASSACHUSETTS LEGAL NOTICE

Notice is herewith given in accordance with the provisions of Section 4, Paragraph 5 of the Zoning By-Law that there has been filed by the Pleasant Apartments Inc. of Arlington, Massachusetts an appeal from the refusal of the Inspector of Buildings to issue a permit to alter existing single-family dwelling into a five-family dwelling located at 132 Pleasant Street, Arlington, Massachusetts. Said alterations would be at variance with Section 15-3 and 15-4 of the Zoning By-Law.

Hearing in regard to the said appeal will be held in the Hearing Room, located on the second floor of the Robbins Town Hall, Arlington, Massachusetts on Tuesday evening, February 2, 1960 at 8:00 O'Clock P.M.

.....News From Town Hall.....

The Board of Selectmen Monday night went along with the recommendation of Town Engineer W.E. Roby relative to the designation of three parking stalls on the southeasterly side of Franklin St. The stalls will be 110 feet from Broadway beside the Gordon Furniture store.

The Board voted to amend the traffic rules and order so that these parking areas might be installed. The state must now give its approval.

Twenty-four motor vehicle violations were reported within the town during the period Dec. 27 through Jan 2. Only eight of the violators were from Arlington.

The Selectmen have approved the list of persons qualified to serve as jurors for the coming year.

Meanwhile, three residents were selected by the Board to serve on the jury pool in Cambridge as of Feb. 1. Included were Robert A. Wood, 136 Thorndike st.; William Heuser, 55 Academy St.; and Charles B. Godfrey, 62 Harlow St.

Certified at the Monday meeting of the Board was an application of William L. Roch, 54 Amsden St., for a license to peddle butter, eggs, and poultry in Massachusetts.

Richard F. Papaleo, 78 Lake St., was certified in connection with the incorporation of an Italian-American Political Club of Boston.

The Board once again tabled any appointment of a member of the Zoning Board of Appeals and Building Board of Appeals.

Conditions of property of Frank D'Arrigo, at the gas station at 40-42 Lowell St., was reported improved by the Building Inspector.

D'Arrigo appeared before the Board of Selectmen recently in connection with these conditions.

The recommendation of the Town Engineer for removal of a 15 inch maple tree between 59 and 63 Brattle St. was approved by the Selectmen Monday.

Saul Named Funds Drive Chairman

Arthur D. Saul, Jr., Vice President and Sales Manager of Avery & Saul Company of Cambridge has been named general chairman of the \$200,000 building fund for the construction of complete new facilities by the Arlington Boys' Club as announced today by Francis E. Kenney, president of the board of directors of the Club.

Subsequent to a great amount of study of need and other conditions, the Arlington Boys' Club was recently given a conditional grant of \$300,000 from the Charles Hayden Foundation, toward a half-million dollar building program. The trustees of the Foundation, in approving the amount, stipulated that these monies would become available only when and if the Boys' Club itself was able to raise the additionally needed \$200,000 from interested businesses, citizens and other sources in Arlington and communities immediately adjacent to that town. With full approval to conduct the campaign expressed by the United Community Services of which the Arlington Boys' Club is a member agency, plans have been underway since early December to organize for the effort which will begin in January and culminate at the end of March.

In announcing Mr. Saul's acceptance of the key position as campaign chairman, Mr. Kenney expresses the gratitude and satisfaction of the board of directors that Mr. Saul, knowing of the great demands placed upon the Club by the youth of the area, had so readily accepted the responsibility.

"Our present facilities are taxed beyond their capacity," said Mr. Kenney, "and if we are to continue without limiting membership and hours that boys may use the Club, we have no alternative but to build new and larger facilities."

Arthur Saul has seen this problem grow and grow over the years and it is our good fortune that such a busy individual can find the additional time to head this campaign. I am extremely optimistic when I contemplate the outcome under Arthur's leadership."
